

PROGRAMME CONTENT

Three days dedicated to getting your business trading

Graduates gain the required business skills, networks, a personal mentor and ongoing support from Flying Start to get you trading within 12 months.

There are a number of elements in the Programme, some of the key elements are below:

Networking – The ability to build and maintain business networks are a vital part of business life. The Programme will open several networks for you and teach you how to acquire and develop networking skills.

Induction Workshops – A variety of workshops to teach you all the business skills you need to be successful.

Mentoring – As part of the Programme you will gain a mentor that will help and support you over the next 12 months with their advice and experience.
